The Union will notify EPSCA in writing, of the names of such Union representatives or alternates in the event of illness or unavailability, so that they may be issued identification cards to permit entry to the site. Such representatives, after identifying themselves to the Employer Representative upon entering the job site, will be free to observe the progress and conduct of the work and to conduct normal union business, The Union undertakes that these representatives will not hinder or interfere in any way with the said work.

2.02 An Accredited Union Representative may be appointed by LIUNA OPDC to be his designate in matters requiring the involvement of LIUNA OPDC. The LIUNA OPDC Representative will inform the Employer Representative, in writing, of the name, duration of, appointment and function of such designate.

### **ARTICLE 3 - UNION STEWARDS**

- 3.01 The Accredited Union Representatives shall inform the appropriate Employer Representative of the steward, in writing, of the names of all stewards, one of whom shall be designated Chief Steward, as they are appointed and when they cease to act as stewards, except as noted below. ## **ARTICLE 5 - WORK ASSIGNMENT**

- 5.01 (a) A markup process will be utilized when an Employer intends to perform work on a project site\*. The purpose of this markup process is to indicate to the Union the work which is planned to be carried out by the Employer in order to minimize the potential for jurisdictional disputes.

\* *For the purposes of this Article, Nanticoke, Lambton, Lakeview/Hearn, Pickering, Darlington, Bruce, Portlands Energy Centre, Lines and Stations, and the Five Electricity Production Zones are each considered individual project sites.*

- (b) When work is to be performed on a project site and it meets the following criteria: same employer, same work, same project site, the markup process will not be required. This procedure shall not preclude a Union's right to contest previously disputed work. When all these criteria are not met, a mark-up meeting is required.
- (c) When an Employer has work that is less than three (3) weeks duration and there are ten (10) or fewer employees covered by this Collective Agreement employed on this specific work, the Union will be notified of the scope of work and the Employer's proposed work assignments. - (e) The Employer or its designate will provide written notice to the Union as far in advance as possible of markup meetings. The Union may attend these markup meetings, and every effort will be made to settle questions of jurisdiction before the work is expected to commence.
- (f) The Employer who has the responsibility for the work shall make a proposed assignment of the work involved. The Employer shall be responsible for providing copies of proposed assignments to the Union in

attendance at the markup meeting. The Employer will specify a reasonable time limit for the Union involved to submit evidence of their claims. The Employer will evaluate all evidence submitted and make a final assignment of the work involved. The Employer will advise the Unions of the final assignments prior to the work commencing.

- (g) EPSCA and/or the Employer will record the proposed assignments and jurisdictional claims and forward a copy of them within fifteen (15) working days to the Union.

- 6.02 In the event the Union elects to pursue or respond to the Jurisdictional Dispute at the Ontario Labour Relations Board as governed by 6.01 above, the arbitration board panel appointed by the Ontario Labour Relations Board pursuant to the Act is not authorized to award damages in respect of a mis-assignment of work only in the circumstances where the other unions involved in the proceedings is (are) equally restricted in their ability to claim for damages. However this clause shall not apply where the Jurisdictional Dispute and the this-assignment of work involves the same employer and the same work, and on the same job previously the subject of a Jurisdictional Dispute before the Ontario Labour Relations Board. The board panel appointed by the Ontario Labour Relations Board will govern its decision pursuant to its normal criteria.
- 6.03 In the event the Union elects to pursue or respond to the Jurisdictional Dispute at the Ontario Labour Relations Board as governed by 6.01 above, the decision of the panel of the Ontario Labour Relations Board will be final and binding upon the parties to this agreement with no further recourse to the Plan on the issue decided by the Ontario Labour Relations Board.
- 6.04 A work assignment made in a nuclear reactor vault of a de minimums nature that arises from unplanned and unexpected (i.e. emergent) work that is inconsistent with typical Labourer jurisdiction will not be grieved or become the subject of a jurisdictional dispute if;

- a) The assignment is less than two hours in duration and a Labourer is not readily available;
- b) The work is performed by two or fewer employees;
- c) The assignment does not result in the reduction of hours of work of any employee in the Labourer represented bargaining unit

  - (b) The boundaries of the geographic areas will be jointly established at pre-job conferences.
- 8.02 An office will be established by the Employer with the approval of EPSCA for each Major Project. A purpose of this office will be to co-ordinate employment as specified in this Article.

- 8.04 The Employer, with the approval of EPSCA, will notify the appropriate Unions of future manpower requirements for all employees coming within the scope of this Agreement.
- 8.05 Where key tradesmen are required, Employers reserve the right to employ and transfer key tradesmen to effectively utilize their special skills, having regard for the special requirements of thermal, nuclear or hydraulic generation projects and transmission and transformation construction. The employment of key tradesmen and tradesmen employed through the Employment Request Article will be negotiated between the Employer or EPSCA and the Union and will be contained in the trade appendices.
- 8.06 The employment of additional tradesmen, excluding key tradesmen and tradesmen employed through the Employment Request Article, shall be carried out on the following basis and sequence
- (a) The Employer with the approval of EPSCA will make a request to the local union office for tradesmen required. The request will include a description of the work, the number of qualified tradesmen required, and the name of the Employer for whom the tradesmen will be working.
  - (b) The Union members who are resident in the designated geographic area will be referred by the Union for employment through EPSCA. The Employers will either hire such persons or substantiate their reasons, in writing, for not doing so.
  - (c) If, after a request has been made, the Union is unable to supply sufficient tradesmen to meet the manpower requirements of the Employers, the Employers may employ tradesmen who are resident within the geographic area. Such tradesmen shall comply with the requirements of Article 7 - Union Security of this Agreement. The Employer with the approval of EPSCA shall promptly notify the Accredited Union Representative, in writing, of the names, addresses, date of hire, social insurance numbers, telephone numbers, job location and classification of the persons hired.
  - (d) Once the supply of suitable tradesmen within the geographic area has been exhausted and additional tradesmen are required, The Employer with the approval of EPSCA will contact the LIUNA OPDC Representative, or his designate, in order to determine whether suitable union tradesmen are available outside of the geographic area. The Employer with the approval of EPSCA will co-operate in providing employment to such union tradesmen

on the basis that they be supplied from the nearest location where they are available.

- 8.07 Notwithstanding the provisions of Articles 8.05 and 8.06, re-employment as required by the Workers Compensation Board shall not be a violation of this collective agreement nor be subject to the provisions of Articles 29 and 30.
- 8.08 An employer bound to this agreement shall have the right to transfer local union members working in the local union's geographic jurisdiction under any of the collective agreements referred to in Article 1.01 to which the employer is bound, to perform the work specified in Article 1.01, on projects covered by this collective agreement in the same local union's geographic jurisdiction. Such employees must be cleared by the Local Union prior to the transfer.
- 8.09 Employers shall have the right to transfer up to 25% of local union members working at sites covered by this collective agreement in the local union's geographic jurisdiction to other sites covered by this collective agreement in the same local union's geographic jurisdiction. Foreman and sub-foreman who are transferred are included in any 25% calculation.
- 8.10 In the event of a layoff of an accommodated employee, the seniority provisions of the collective agreement apply. An accommodated employee has no greater seniority rights by virtue of his injury or accommodation.

#### **ARTICLE 9 - KEY TRADESMEN**

- 9.01 Employers reserve the right to transfer tradesmen from one location to another to effectively utilize their special skills, having regard for the special requirements of thermal, nuclear and hydraulic generation.
- 9.02 The number of key tradesmen to be transferred will be jointly determined at a pre job conference as provided for in Article 4 - Advance Notice.
- 9.03 All key tradesmen, requested by the Employer and agreed to by the Union, must obtain clearance from the Local Union before commencing work.

## **ARTICLE 12 - FOREMEN**

- 12.01 It is understood that foremen hold a key position in the relationship between the Employer and the Union. Both parties agree that every effort should be made to recruit and retain foremen who have a high degree of efficiency in the performance of their jobs and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of a Union, the Employer and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen, the Employer and the Union.
- 12.02 Foremen are the first level of management supervision and, as such, are management representatives. In this capacity, they will exercise duties and responsibilities, as established by their Employer, and will not work with the tools of the trade, except as specified elsewhere in this agreement. The parties recognize the responsibility of foremen to discharge their managerial duties. If the Union feels that a foreman is not discharging his managerial duties in a manner that is fair, equitable and without bias, or if an Employer feels that the Union is interfering with a foreman in the performance of his managerial duties, the Employer or the Union may refer the problem for resolution. If the matter cannot be resolved, the grievance procedure may be invoked by either party.
- 12.03 The selection and retention of foremen will be the responsibility of the Employers. When making appointments to the foreman level, the Employer will give consideration to those journeymen they presently employ. The appointment of

foremen in charge of composite or mixed crews will take into account the nature of the work to be done.

12.04 In accordance with Article 7 - Union Security and Article 12.03 above, the appropriate Union affiliation for foremen shall be determined, as follows:

- a) Prior to appointment. Foremen appointed by internal promotion shall retain the Union membership held.
- b) Foremen recruited externally shall:
  - i) If a Union member, continue that Union membership; or
  - ii) If not a Union member, join the Union in keeping with the nature of the work to be done.

12.05 (a) The rates of pay for foremen shall be the greater of:

- (i) Three dollars (\$3.00) per hour above the journeyman rate; or;
- (ii) The Employer's current practice; or;
- (iii) The rate negotiated in appropriate local agreements; except, as noted, in (b) and (c) hereunder.

(b) The rates of pay for foremen engaged in the supervision of work covered by the "exceptions" in this agreement shall be the greater of:

- (i) The Employer's current practice; or;
- (ii) The locally negotiated rate for work of the same class and character.

12.06 When the normal weekly hours of work are amended by the "exceptions" recognized under this Agreement, the weekly hours of work for foremen shall be the same as for the tradesmen represented by the Union with which the foreman is affiliated.

12.07 Foremen required to work shift work other than the regular day shift shall receive the same shift differential rate as the tradesmen represented by the Union.

12.08 Overtime rates for Foremen for work performed outside normal hours as defined in Article 26 - Hours of Work and outside hours of work amended by the "exceptions" recognized under this Agreement, shall be the same as for tradesmen represented by the Union.

12.09 The Employer agrees to pay into operative welfare, pension, and supplementary

unemployment benefit plans on behalf of foremen. Payments will be made on the same basis and in the same amounts as are paid on behalf of tradesmen represented by the Union.

12.10 To maintain efficiency and productivity, an Employer shall have the right to move foremen from construction site to construction site, as determined at the pre job conference.

12.11 The Employer agrees to pay into operative apprenticeship and training funds on behalf of foremen. Payments will be made on the same basis and in the same amounts as are paid on behalf of tradesmen represented by the Union.

12.12 On a charge-out basis, the Employer shall supply foremen with protective clothing appropriate for the conditions under which the work is being done.

12.13 Foremen shall be accountable, but not liable, for gang tools used by their crew.

**ARTICLE 13 - WAGES**

## APPENDIX A

### 7-DAY COVERAGE NUCLEAR SITES

When working under the provisions of this 7-day shift schedule, all conditions listed below will supersede those in the other Articles/Sections of this Collective Agreement. Where this shift schedule is silent, the appropriate Article/Section in the Collective Agreement applies.

These provisions would only apply to work performed on a Nuclear Facility.

This shift schedule is intended for work of at least four (4) weeks in duration; however, it is recognized that unforeseen circumstances may require the cancellation of this schedule.

If in the transition onto or off this 7-day shift schedule an employee would receive less than 40 paid hours in a pay period, the employee shall receive the difference between the total paid hours for that pay period and 40 hours' pay. This does not apply to those employees who are laid off during or at the end of the schedule.

The employee(s) shift schedule consists of four consecutive shifts. (day, afternoon, or night) followed by four scheduled days off. Shift overlap may be required.

Shift work may be established by the Employer to provide seven days per week work coverage, on a two or three ten (10) hour per day shift basis. When this occurs, a specific shift arrangement will be established by the Employer detailing the shift schedule to be worked.

#### NOTICE PROVISION

If this shift schedule is to be used for work on a "planned outage", the Employer will provide the Union with two (2) weeks' notice prior to the implementation of these shift provisions.

For employees working regularly scheduled hours, two fifteen (15) minute rest periods will be allotted at a time and location directed by the Employer for employees to rest.

This agreement shall apply on existing Ontario Power Generation Inc. (OPGI) Nuclear Sites (Pickering, Darlington, Bruce) and Bruce Power LP property.

Unless otherwise altered by this appendix, all Articles in the existing EPSCA collective agreement continue to apply.

#### **Term**

The provisions of this appendix will continue from date of signing of this agreement until December 31, 2032 and may be modified only on the mutual consent of the parties in writing. In the final thirty (30) days of the collective agreement, either party has the option to provide written notice that shall terminate this Nuclear Appendix. The parties will agree upon the qualifications that will make up the LiUNA Nuclear Qualified Workers (NQW) including any further changes.

The parties will meet within thirty (30) days of the signing of this agreement to develop a joint training committee.

EPSCA suggest that the entry level qualifications to be established as the LiUNA NQW, are Foreign Material Exclusion (FME) and Fall Protection/Working at Heights. The Electrical Power Research Institute, (EPRI) Standard Task Evaluation protocol will be the acceptably recognized qualification for these courses.

The Union will provide the instructors and facilities for NQW training and the members, on their own time, will attend such training courses to acquire such skills and/or qualifications. The parties will determine funding for incremental training costs incurred by the Union.

\* It is the intent of the parties to encourage and promote the completion of Nuclear Qualified Worker status amongst members of the union. During the first two (2) years of this agreement, priority will be given to NQW's but referral of NQW's is not a mandatory referral requirement. After the first two (2) years of this agreement the union will only refer Nuclear Qualified Workers. Within ninety (90) days of the signing of this agreement, the parties shall agree what qualifications apply to a NQW.

## **Employment – Hiring and Mobility**
