- c) When overtime is necessary, the Union Steward of the department concerned shall be notified. The employee posted on the job for which overtime is required shall have the first option of working the overtime. In the event this employee does not wish to work the overtime, the supervisor will then canvass the other employees within the department as to their individual wishes. This canvass is to be conducted in the order of senior qualified person, to junior qualified person.

If any qualified person is inadvertently missed in this rotation, he shall be offered the opportunity to work an amount of overtime equal to the amount that was missed.

In the event the necessary number of employees is not obtained within the department, the Company may draw employees from other departments in the plant on the basis of senior qualified employee available at the time overtime is requested.

Where overtime on off shifts is required, the Company shall discuss the matter with the Chief Steward and make the call-ins.

e) Banking of overtime:

5. Banked time may be taken off only in increments of four (4) hours.

6. Pay for time off shall be included in the employee's regular payroll cheque at the employee's current regular rate of pay and the amount paid shall be deducted from their overtime bank.

7. Upon two (2) weeks' notice, the employee may request to be paid out all money in their overtime bank, to be included in their next payroll cheque. Employees who make this request are not eligible to bank hours until the next election date (January 1st or July 1st).

7.05 a) Overtime rates of one and one-half (1½) times the regular hourly rates shall be paid for any time worked in excess of the scheduled hours as agreed to in this Article, up to three (3) hours in any one day and double (2) time thereafter.

b) Double (2) the regular hourly rates shall be paid for to all employees for work performed on Sunday, except where the work regularly falls on Sunday, in which latter case the employee shall be paid double (2) the regular hourly rate if he works on his day off in lieu of Sunday.

c) One and one-half (1½) times, the employees regular rate shall be paid for the first four (4) hours of work performed on a Saturday and double (2) time thereafter.

If due to circumstances the Company does not provide a meal, a cash equivalent will be added to his gross earnings for that fiscal week. The meal allowance referred to will be ten (10) dollars.

7.09 Employees required to work more than five (5) hours without a meal period shall be compensated at one and one-half (1½) time the regular hourly rate for all time worked in excess of five (5) hours until a meal period is granted. Employees engaged in continuous shift operations shall be exempt from this clause, but shall be entitled to a lunch period of thirty (30) minutes on Company time. 7.10 a) Continuous shift operations shall be given forty-eight (48) hours notice of change of shifts except in an emergency. Employees who because of an emergency are required to change shifts, shall be paid the applicable overtime rate until the expiration of the forty-eight (48) hours notice.

b) Single shift employees shall be given twenty-four (24) hours notice of change of shift except in an emergency. Night shift	10:30 PM – 12:30 AM	5:00 AM – 7:00 AM

A job will belong to the shift within which the majority of its regular hours fall.

- b) When a job's starting time is changed, the employees in the department who work on the shift in which the job originally belonged will be canvassed in order of seniority to determine who will work at the new starting time.

Should a senior employee accept the new starting time, the process will be repeated until all starting times on that shift have been assigned.

Any items missed will be subject to negotiations between the Union and the Company.

- 7.12 a) A twenty (20) minutes paid rest period will be given midway before lunch and a fifteen (15) minutes paid rest period will be given midway after lunch provided that

each work period is of not more than two and one-half (2½) hours. It is mutually agreed that rest periods will not be abused.

It is agreed that except in cases of personal necessity, employees shall not ask for additional time off during the day. The Union agrees to cooperate with the Company in its effort to curtail abuse of "personal necessity" breaks. APPENDIX I – MAINTENANCE WAGE SURVEY

In order to establish rates of pay for the Maintenance Ticketed Journeymen (Groups 1, 2, 3 and 4 as proposed), the Company and the union will perform an annual maintenance wage survey of approximately 10 relevant labour market competitors. The purpose of the survey is to ensure that *Maintenance Ticketed Journeymen* employed, are competitively paid so that the Olymel Red Deer plant attracts and retains its skilled maintenance workforce. It is understood that the companies used may change from year-to-year to ensure the relevant labour market is considered.

The following criteria will be used to select which Companies to survey:

- i) Preferably, unionized Companies in food Industries that are in direct competition for skilled trades within Alberta.
- ii) The Company must be able to reasonably verify and validate the wage information;
- iii) The selection of the companies should not be used for the purpose of manipulating the outcome of the survey;
- iv) The companies surveyed should employ certified skilled trades, performing work consistent with that certification;

The positions of the required licensed skilled trades, as determined by the Company will be benchmarked at each of the identified companies surveyed. The highest and the lowest rates will be removed, and the remaining rates will be averaged. If this average is more than 3 % above the Olymel rate for the same position, then the Olymel rate will be adjusted to this average.

In order to continue receiving the benefit of the Maintenance Wage Survey, the respective employees must commit to upgrading their skills to ensure they are working toward proper certification in the jobs they are performing.

This survey will be completed within thirty (30 days) of the ratification of the collective agreement and thereafter on January 15th of each year, with any required adjustments effective the first pay period in February of that year. It is understood that the general wage increase or the result of the survey, whichever the greater is, shall apply.

These amendments shall be incorporated into the Collective Agreement between the above parties.
